### Why did I get involved in Boston Amateur Swim Club?

I swam with the club as a child and returned to join masters in 2018.

I quickly realised that I still enjoy coach led swimming and to my surprise I enjoy competing too!

Both of my children swim with the club and enjoy the friendships they have made here.

I want to see the club develop and grow to be successful and inclusive.

### Things you should know about me:

Swimming is my happy place!

We have a rescue dog named Pedro and we enjoy family caravan and camping holidays!

I work in finance in the social housing sector.

### What is important to me about the swim club:

That the club offers a safe and welcoming environment for everyone and celebrates the achievements of all swimmers.

To be a strong team of coaches, swimmers, parents/guardians and volunteers.

### I am good at:

Researching policies and organising data.

Swimming and sculling.
